## BEAUTIFUL CROW DUCK LAKE CAMP (Manitoba)

Crow Duck is the largest lake in Whiteshell Provincial Park (eastern Manitoba) about 125 miles north of the US border and two hours east of Winnipeg. Since there are no roads to Crow Duck, owner Bill Kolansky will pick us up on Big Whiteshell Lake. From there it's a two-mile boat ride to a private trail that leads to the camp which

is the only property on the lake. The two-mile truck ride thru wilderness bush country is a refreshing end to the journey and an exciting beginning to our fishing adventure. Crow Duck is a remote lake with no roads, no private cabins, and nothing but fantastic fishing and spectacular scenery

**WALLEYES** Crow Duck Lake has awesome fishing! Expect to catch large numbers of quality fish (average 19- 20"). If you choose to, you can join us as we hike to **Saddle Lake** (1.25 m portage) to fish as conditions warrant. Plan on taking fish home as well as enjoying a fresh fish dinner. Saddle Lake is an amazing lake to fish and has been a gold mine for walleyes (20"+ common!).

**SMALLMOUTH** "If you are after lunker bass, Crow Duck Lake is your dream come true!" says the owner. "Bass fishing is fantastic here, cool or hot weather. Most of our customers come here for the excellent bass fishing. Expect to catch lots of nice bass and you have an excellent chance of finding a 'Master Angler Award' (18" or more) bass here." The lake has excellent bass habitat with 75 miles of rocky shoreline, underwater rock piles, and many weed beds. Two group members earned Master Angler honors in 2017. We proved last year that Saddle Lake has big smallies, too!

**NORTHERN PIKE** several 30+ inch pike boated in previous years, biggest was 40"
